

SMRITI SHIVPURI, PhD, MPH

LICENSE

2014 CLINICAL PSYCHOLOGIST, #071008996, STATE OF ILLINOIS

EDUCATION

- 2013 UNIVERSITY OF CALIFORNIA, SAN DIEGO/SAN DIEGO STATE UNIVERSITY
PhD, Clinical Psychology • San Diego, CA
Dissertation: “The Impact of Neighborhood Stress on Cardiovascular Health: The Association between Perceptions of Neighborhood Physical and Social Disorder and Cardiovascular Disease Risk in Latinas.”
- 2012 SAN DIEGO STATE UNIVERSITY
Masters in Public Health, Epidemiology • San Diego, CA
Thesis: “Nocturnal Blood Pressure Dipping and the Metabolic Syndrome in Mexican-American Women: Differences by Acculturation.”
- 2010 UNIVERSITY OF CALIFORNIA, SAN DIEGO/SAN DIEGO STATE UNIVERSITY
Masters of Science, Clinical Psychology • San Diego, CA
Thesis: “The Association Between Chronic Stress Type and C-Reactive Protein in the Multi-Ethnic Study of Atherosclerosis (MESA): Does Gender Make a Difference?”
- 2005 MICHIGAN STATE UNIVERSITY
Master of Arts, Industrial/Organizational Psychology • East Lansing, MI
Master’s Thesis: “The Influence of Culture on Applicant Justice Perceptions in Response to Administrative Consistency and Interpersonal Sensitivity.”
- 2002 THE OHIO STATE UNIVERSITY
Bachelor of Science, Psychology & French • Columbus, OH
Summa Cum Laude with Distinction in the Liberal Arts and Honors in Psychology

HONORS, SCHOLARSHIPS & FELLOWSHIPS

FELLOWSHIPS & SCHOLARSHIPS

- 2007-2013 **T-32 INTEGRATED PREDOCTORAL FELLOWSHIP** • *National Institutes of Health/National Heart, Lung, and Blood Institute, NIH/NHLBI 5T32 HL079891-01A2, Cardiovascular Epidemiology*
- 2004 **HONORABLE MENTION, GRADUATE RESEARCH FELLOWSHIP COMPETITION** • *National Science Foundation*
- 2003 **HONORABLE MENTION, GRADUATE RESEARCH FELLOWSHIP COMPETITION** • *National Science Foundation*
- 2002-2006 **UNIVERSITY DISTINGUISHED FELLOW** • *Michigan State University*
- 1998-2002 **ACADEMIC SCHOLAR** • *State of Ohio*
- 1998-2002 **MINORITY DISTINGUISHED FELLOW** • *Ohio State University*
- 1998-2002 **NATIONAL MERIT SCHOLAR** • *National Merit Scholarship Corporation*

HONORS & AWARDS

- 2009 **SPECIAL CITATION POSTER PRESENTATION** • *American Psychosomatic Society* • March 2009
- 2009 **PROVOST AWARD FOR OUTSTANDING POSTER** • *San Diego State Student Research Symposium*
- 2002 **SECOND PLACE WINNER, PAPER COMPETITION** • *Michigan Association of Industrial Organizational Psychology*
- 2002- Present **MEMBER** • *Phi Beta Kappa*
- 2000-2002 **MEMBER** • *Psi Chi, Psychology Honors Society* • *Ohio State University*
- 1999-2000 **MEMBER** • *Mirrors, Sophomore Honorary Society* • *Ohio State University*

CLINICAL/WORK EXPERIENCE

- 2015-CURRENT **PRIMARY CARE MENTAL HEALTH INTEGRATION (PCMHI)**
Clinical Psychologist, Coordinator PCMHI, JESSE BROWN VA MEDICAL CENTER • Chicago, IL
Clinical Assistant Professor, UNIVERSITY OF ILLINOIS AT CHICAGO MEDICAL SCHOOL
- Population: Veterans in primary care with chronic medical conditions and comorbid psychological/behavioral issues
 - Creating and implementing protocol for a new integrated mental health care program within a Primary Care setting
 - Coordinating and managing services of an interdisciplinary PCMHI team including social workers, psychologists, nurses/physician's assistants, psychiatrists
 - Leading program development including creation of group programming to address major issues in Primary Care including insomnia, chronic pain, and chronic medical illness
 - Managing consults and triaging cases to PCMHI team members
 - Leading team meetings and providing consultation and informal supervision
 - Providing brief, solution-focused integrative treatments for issues including adjustment to medical illness, depression, anxiety, insomnia, traumatic stress, nightmares, relationship issues, weight management, chronic stress
 - Tracking patient flow and assuring efficient and timely patient management
 - Liaising regularly with Primary Care physicians to assess for needs and improve processes
 - Reviewing program outcomes and practices and providing quality control as necessary
 - Serving actively on committees for Health Promotion/Disease Prevention, Selection of psychology staff, Performance Improvement
 - Co-leading multidisciplinary groups for Diabetes management and Pain management
- 2014-2015 **PSYCHOSOCIAL ONCOLOGY/DEPARTMENT OF BEHAVIORAL SCIENCES**
Assistant Professor, RUSH UNIVERSITY MEDICAL CENTER • Chicago, IL
- Population: Individuals inpatient and outpatient with cancer diagnoses and associated psychosocial issues
 - Provided inpatient consultation to primary medical teams and assessment services for oncology patients throughout the course of hospitalization
 - Implemented evidence-based therapies for various issues including adjustment, illness anxiety, body image concerns, depression, insomnia, chronic pain, end of life
 - Provided outpatient therapy to oncology patients of diverse socioeconomic status with initial diagnoses, recurrence, or survivorship related concerns
 - Interviewed applicants for admission into Rush University Medical School
 - Supervised practicum students and interns on a weekly basis regarding clinical skills
 - Presented to various cancer specialty groups (e.g., Multiple Myeloma Support Group)
 - Participated in multidisciplinary research aimed at improving health outcomes in various types of chronic disease populations
- 2013- 2014 **INTEGRATED PRIMARY CARE & BEHAVIORAL MEDICINE FELLOWSHIP**
Postdoctoral Fellow, EDWARD HINES JR. VA HOSPITAL • Chicago, IL
- Population: Veterans in primary care with chronic medical conditions and comorbid psychological/behavioral issues
 - Spearheaded development of a stepped-care approach to the management of insomnia, including creation of a 2 hour insomnia psychoeducation class and restructuring and launching of new cognitive-behavioral therapy group for insomnia
 - Led trainings of other departments and providers (e.g., physicians, RNs, psychologists) in motivational interviewing strategies and methods
 - Served as linkage between primary care physicians and specialty mental health
 - Provided brief, solution-focused integrative treatments for issues including adjustment to cancer, stroke, end-of-life, heart disease, chronic stress and weight management
 - Led groups oriented around depression related to medical illness, women's interdisciplinary preventative shared-appointments, caregiving support, and chronic pain

- Participated in Coordinated Care Review Board meetings involved in the collaborative management of challenging patient-care issues
- Developed health promotion/disease prevention materials and engaging in outreach activities to promote wellness (e.g., health fairs, wellness classes, health promotion events)

2012 - 2013

SLEEP MEDICINE & ANXIETY DISORDERS CLINIC, RHODE ISLAND HOSPITAL (Feb-Jul)*Predoctoral Intern, ALPERT MEDICAL SCHOOL BROWN UNIVERSITY• Providence, RI*

- Population: Outpatient adults with primary sleep or anxiety disorders; pediatric populations with sleep disorders
- Conducted thorough psychosocial assessments of insomnia and other occult sleep disorders in both adult and pediatric populations
- Performed intake evaluations for the assessment of anxiety disorders
- Provided cognitive-behavioral treatments for insomnia and parasomnias, and chronotherapy for sleep phase syndromes
- Conducted cognitive-behavioral, exposure-based therapy for anxiety disorders (e.g., specific phobia, agoraphobia, panic disorder, social phobia)

PSYCHIATRY CONSULTATION-LIAISON CLINIC, PROVIDENCE VA MEDICAL CENTER (Nov-Feb)*Predoctoral Intern, ALPERT MEDICAL SCHOOL BROWN UNIVERSITY• Providence, RI*

- Population: Inpatient Veterans with acute medical and psychiatric conditions, and outpatient Veterans with tobacco use disorder, erectile dysfunction, end-stage liver and kidney disease
- Provided psychiatric consultation-liaison services for medical providers on inpatient units (e.g., diagnostic evaluation of altered mental status, decision-making capacity assessments, evaluation of comorbid psychiatric conditions associated with substance use, suicide risk assessments, medication non-adherence related to depression, behavioral issues associated with acute psychosis/dementia and/or Axis I and II disorders)
- Conducted brief inpatient individual CBT for psychological adjustment issues related to acute and chronic medical conditions
- Completed psychosocial evaluations of organ transplant candidates (e.g., kidney, liver)
- Completed psychosocial evaluations of sexual dysfunction for penile prosthesis implant surgical candidates
- Led structured CBT smoking cessation groups

BEHAVIORAL MEDICINE & WEIGHT MANAGEMENT CLINIC, MIRIAM HOSPITAL (Jul-Nov)*Predoctoral Intern, ALPERT MEDICAL SCHOOL BROWN UNIVERSITY• Providence, RI*

- Population: Inpatient and outpatient adults with acute and chronic medical conditions and psychological comorbidities; cardiology patients post cardiac events
- Provided inpatient psychiatric consultation-liaison services to medical providers
- Co-led CBT weight management groups
- Led didactic presentations in cardiac rehabilitation and weight management programs
- Conducted comprehensive behavioral medicine diagnostic intakes
- Treated obesity, adjustment to illness, co-morbid conditions associated with chronic disease (e.g., depression in cardiac patients, anxiety in chronic pain patients) using ACT, CBT, and SBT therapeutic modalities
- Conducted brief solution-focused therapy in Primary Care and Cardiac Rehabilitation Settings

2011-2012

PRIMARY CARE, SAN DIEGO VA OUTPATIENT CLINIC*Predoctoral Trainee, UNIV OF CALIFORNIA SAN DIEGO/SAN DIEGO STATE UNIV• San Diego, CA*

- Population: Veterans in primary care with chronic medical conditions and associated psychological/behavioral issues
- Conducted comprehensive behavioral medicine diagnostic intakes
- Psychologically evaluated organ transplant candidates (e.g., kidney, liver)
- Utilized an ACT-based therapeutic modality for individual treatment of medical/disability-related psychological and behavioral issues (i.e., medication noncompliance, chronic pain, adjustment to illness, depression, obesity prevention, stress management, diabetes management)

- Co-led ACT-based weight management group, chronic pain group, and women's wellness groups

- 2010-2011 **SPINAL CORD INJURY & SMOKING CESSATION CLINIC, SAN DIEGO VA MEDICAL CENTER**
Predoctoral Trainee, UNIV OF CALIFORNIA SAN DIEGO/SAN DIEGO STATE UNIV • San Diego, CA
- Population: Inpatient disabled veterans with spinal cord injury, and inpatient/outpatient veterans with tobacco use disorder and co-morbid substance dependence or mental-health disorders
 - Conducted comprehensive annual psychological intakes of spinal cord injury inpatients; brief mental status examinations
 - Co-led SBT groups to treat substance use (i.e., tobacco disorder)
 - Provided brief ACT and CBT-based treatment for medical/disability-related psychological issues (i.e., adjustment, chronic pain, depression)
- 2009-2010 **MOOD DISORDERS & SLEEP MEDICINE CLINIC, SAN DIEGO VA MEDICAL CENTER**
Predoctoral Trainee, UNIV OF CALIFORNIA SAN DIEGO/SAN DIEGO STATE UNIV • San Diego, CA
- Population: Outpatient veterans with mood and/or sleep disorders
 - Conducted psychological intakes to triage for psychological services
 - Treated mood disorders (e.g., depression, bipolar disorder) using CBT and DBT-based methods in both individual and group settings
 - Treated sleep disorders (i.e., insomnia, nightmares) using CBT-I and Imagery Rehearsal Therapy in individual and group settings
- 2008-2009 **UNIVERSITY PSYCHOLOGY CLINIC, SAN DIEGO STATE UNIVERSITY**
Predoctoral Trainee, UNIV OF CALIFORNIA SAN DIEGO/SAN DIEGO STATE UNIV • San Diego, CA
- Population: Community members, college students
 - Conducted comprehensive psychological intakes
 - Performed neuropsychological (e.g., WAIS) and behavioral assessment
 - Treated couples using communication-focused interpersonal techniques
 - Utilized family systems modalities to treat family functional issues
 - Treated mood, anxiety, and developmental disorders in individual and group modalities

RESEARCH

- 2014– 2015 **TRAUMA-SENSITIVE CARE IN PATIENT SETTINGS;
 PERCEPTIONS AND ACCEPTABILITY OF GENETIC TESTING IN CARDIOLOGY**
 RUSH UNIVERSITY MEDICAL CENTER • Chicago, IL
- Helping to develop a multi-level pilot intervention aimed at improving inpatient care practice for patients with a history of trauma
 - Developing assessment tools as part of a multidisciplinary team in Cardiology to determine attitudes and barriers toward genetic testing for cardiovascular risk
- 2012 – 2013 **DIABETES CARE IN AMERICAN SAMOA LAB**
Predoctoral Intern • BROWN UNIVERSITY • Providence, RI
 PIs: *Judith DePue, Ed.D, MPH & Stephen McGarvey, Ph.D, MPH*
- Purpose: To investigate psychological and behavioral factors associated with outcomes in a randomized, controlled trial of a community health worker (CHW)-facilitated diabetes management intervention in American Samoans with T2DM.
 - Responsibilities:
 - Manuscript writing (literature review; data analysis and synthesis; conference submission and presentation; journal submission)
 - Contribution to project papers in progress (review of measures/measurement validity; collaborative critical review of papers)
- 2007-2012 **PSYCHOSOCIAL RISK FACTORS IN CARDIOMETABOLIC DISPARITIES LAB**
Graduate Research Assistant • SAN DIEGO STATE UNIVERSITY • San Diego, CA
 PI: *Linda C. Gallo, Ph.D*

- Purpose: To investigate biopsychosocial factors related to cardiovascular/metabolic disorders in Hispanics, including relationships within ethnic and gender subgroups. Associations between demographic, cultural, psychological, behavioral factors and traditional and novel markers of cardio-metabolic risk were explored.
- Responsibilities:
 - Recruitment and data collection (e.g., survey administration; anthropometric measurement; training)
 - Database management (psychological/biological data transfer, merging, cleaning, organization)
 - Manuscript writing (data analysis and synthesis; collaborative critical review of papers in progress)
 - Contribution to grant proposals/renewals (literature review; selection of measures/measure validity)

2006-2007

HYPOTHALAMIC-PITUITARY-ADRENAL AXIS FUNCTIONING AND CONDUCT DISORDER LAB*Research Assistant* • NATIONWIDE CHILDREN'S HOSPITAL • Columbus, OHPI: *Kathleen Pajer, M.D., M.P.H*

- Purpose: To examine whether the biological stress response system malfunctions in adolescent females with conduct disorder, leading to blunted cortisol responses and chronic hypoarousal. Investigation of psychosocial and health factors involved in the etiology and course of conduct disorder in females.
- Responsibilities:
 - Participant recruitment and scheduling
 - Administration of structured clinical diagnostic interviews; clinical intakes
 - Brief neuropsychological testing of study participants (i.e., intelligence testing)
 - Management of blood draw, Trier Stress Tests at General Clinical Research Center
 - Contribution to grant proposals, manuscripts (literature review; methods description)
 - Dissemination of results (presentations at community organizations, local conferences)

2003-2005

GROUP FOR RESEARCH AND ASSESSMENT OF STUDENT POTENTIAL*Graduate Research Assistant* • MICHIGAN STATE UNIVERSITY • East Lansing, MIPIs: *Neal Schmitt, Ph.D & Fred Oswald, Ph.D*

- Purpose: To create and validate measures of noncognitive factors that predict college students' academic growth above cognitive measures (e.g. standardized test scores, GPA), for use by the College Board, Inc. to be implemented in college admissions
- Responsibilities:
 - Measure construction and psychometric evaluation of measures (i.e., construct, predictive validation)
 - Participant recruitment, administration of measures, test proctoring
 - Outcomes assessment (development of survey distributed to college employers and university department heads nationwide on desired student outcomes versus measured outcomes post-college)
 - Dissemination of results (interviews with local and national media; presentation to College Board)
 - Manuscript and report writing (topics included latent growth curve modeling of academic performance; use of personality measures in prediction of college academic performance)

2002-2005

APPLICANT SELECTION LAB*Graduate Research Assistant* • MICHIGAN STATE UNIVERSITY • East Lansing, MIPI: *Anne Marie Ryan, Ph.D*

- Purpose: To examine the relevance of cultural factors in selection of applicants for jobs
- Responsibilities:
 - Participant recruitment; administration of study protocol
 - Database management (merging, cleaning, organizing)

- Manuscript writing (topics included effect of applicants' cultural relational value on perceptions of fairness in job selection; influence of stereotype threat on women's math performance and mitigating factors such as domain labeling and gender centrality)

1999-2002

INDUSTRIAL/ORGANIZATION PSYCHOLOGY RESEARCH LABS, 2000-2002*Undergraduate Research Assistant* • THE OHIO STATE UNIVERSITY • Columbus, OH

- Assisted in the development of a new orientation program for international graduate students in the Office of International Education. Examined issues of organizational entry and stress-coping skills. Involved in interview administration and measure development.
- Conducted experiments on the relationship between leadership and team performance on various task-types (e.g. disjunctive, additive, conjunctive). Involved in data collection, analysis and entry.

SOCIAL AND COUNSELING PSYCHOLOGY RESEARCH LABS • 1999-2001*Undergraduate Research Assistant* • THE OHIO STATE UNIVERSITY • Columbus, OH

- Researched the nature of modern racism and technology. Examined how White Supremacists spread racism on internet websites. Involved in content coding and reliability analysis.
- Examined differences in discrimination coping skills of African Americans and Asians. Involved in focus group administration, development and validation of measure of racism coping skills.
- Looked at issues of intergroup discrimination and its relation to optimal distinctiveness theory. Involved in proctoring of experimental sessions and data analysis.
